TO WHOMSOEVER IT MAY CONCERN

This is to certify that M/S Jebla Construction have completed successfully the installation of rigid catenary in the Delhi Metro project SYS-2 (line 2 from Vishwa Vidyalaya to Central Secretariat) for the Consortium ICE.

The above project consisted in 21 km of rigid catenary, installation of 3250 supports including drilling of all locations (approximately 13,650 anchors), assembly of insulators in the drop down structure, steady arms, supporting clamp, and installation of the conductor rail with the contact wire. They have also done the associated works like installation of copper earth wire and aluminum return conductor and support numbering as well as the Khyber Pass depot lines in about a total of 3 TKM

Jebla has completed the work on time and providing the necessary field information to prepare the AS-BUILT drawings for the commissioning last June 2005.

In Delhi at December 27, 2012
